

Habitat for Humanity
of Omaha **2020**
Annual Report

2020

What a year. Who didn't wish we could hit fast forward at least once during 2020? With all the challenges we faced—a global pandemic and the economic fallout it brought—so many of us were thrilled to ring in the new year and **the sense of hope** it brought along. That being said, there were a few bright spots here and there. So, let's take a look back to celebrate the good that was mixed in with all that was 2020, a year we'll never forget.

From the CEO

From a global pandemic to a movement for racial justice, we certainly experienced our fair share of world-shifting events in 2020. While last year was a difficult one, it was also a year full of some of the most important lessons in life. Many of us reevaluated our priorities, putting more emphasis on family, home and community. Many realized, some for the first time, that we all have a role to play in keeping each other safe. **When we come together we are stronger** and better equipped to create a brighter future for everyone.

At Habitat for Humanity of Omaha, we learned what it means to support each other as a team. We were inspired and heartened by the strength and compassion

of Habitat Omaha homeowners, Home Improvement Program partners and our community of supporters. Through it all, we stayed focused on expanding access to affordable homeownership and home repair resources because we know that a stable, healthy home makes a difference today and well into the future.

We are standing on solid ground because of supporters like you. Thank you for your tireless commitment to the work, passion for our mission and much needed prayers. You play an integral role in making this life-changing work possible.

I am so proud of all that we have accomplished together as we work to make the world a better place for everyone to call home.

Amanda Brewer

2020 Highlights

308 homeowners received emergency COVID-19 mortgage or repair loan assistance

132 home repairs and improvements completed

58 individuals and families purchased their first homes

\$839,390 in property taxes paid by Habitat Omaha homeowners

225 families served through estate planning and property tax education

372 households served through Neighborhood Revitalization efforts

142 deconstruction projects completed

54 households completed mortgage readiness prep through Almost Home

1.5M

The Gift from the Harper Family Foundation

A critical aspect of safe, stable shelter is having the ability to maintain it with affordable home repairs and improvements.

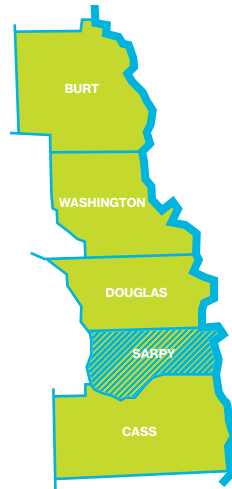

The Harper Family “Hand Up” Program will help local households do just that. In 2020, the Harper Family Foundation committed **\$1.5 million** to Habitat Omaha, the largest one-time gift in the history of our organization.

We’ve seen families heating their homes with space heaters because they could not afford to purchase a new furnace. This donation will help local homeowners improve the comfort and safety of their homes by paying for the upfront costs of these critical repairs, allowing families to make payments over a longer period of time through an interest-free loan.

In 2020, Habitat Omaha completed 132 home repairs and improvements, ranging from smaller-scale energy efficiency improvements to larger-scale exterior repairs. The goal is to use this incredible gift to leverage additional matching funds from potential donors. The additional money, along with the loan repayments from homeowners could impact more than 2,600 families over the next seven years.

This donation will go a long way in providing peace of mind for families who cannot afford to make critical repairs. Gifts like this are a significant investment in our community’s future.

A Partnership Worth Celebrating

Despite the many challenges that came with 2020, we were fortunate to also celebrate growth. In July, Habitat for Humanity of Sarpy County and Habitat for Humanity of Omaha formed a new partnership to better serve our local communities. Our unified organization, "Habitat for Humanity of Omaha," is building opportunity throughout **Burt, Cass, Douglas, Sarpy** and **Washington** counties.

The uniting of Omaha and Sarpy County could not have come at a better time. While so many of us were forced to find new ways to do more with less, this partnership helped provide us with the opportunity and ability to grow our mission at a time when the connection between health and housing was more evident than ever.

By combining the infrastructure, resources and dedicated volunteers and advocates from both organizations, we are expanding our reach and impact in delivering quality, affordable homeownership solutions to the greater Omaha community. The partnership has also increased access to a variety of financial planning, homeowner readiness and home improvement programs throughout the area.

The types of housing needs we see from block to block can vary greatly in the metro. That's why, even as we unify our efforts, we remain committed to addressing the variation of needs seen throughout our service area.

We are excited about the new opportunities this partnership provides and look forward to seeing even more individuals and families achieve the benefits that come with sustainable homeownership they can afford.

19

Adapting To Meet New Uncertainties

Life can present a lot of challenges, even in a normal year. In 2020, the struggles for many homeowners were amplified. Daily stresses were heightened by the pandemic, as worries about health care, racism, job security and housing increased.

When the pandemic began, Habitat Omaha adapted to meet the new uncertainties and intense challenges facing people, calling all Habitat Omaha homeowners one by one to see how they were doing. There are stories of individuals and families hit by **COVID-19**, struggling to pay their bills. Some had lost their jobs. Some were separated from family. Most said it has been incredibly difficult.

After hearing from many families concerned about making their mortgage payments, we created a COVID-19 Forbearance Plan. This plan provided temporary relief from mortgage or Home Repair loan payments

for homeowners who incurred a financial hardship due to COVID-19, allowing them to focus on purchasing food or paying other bills. We also secured additional funds to provide emergency assistance to those in the most need. More than 300 homeowners and Home Repair Program clients received emergency assistance during the pandemic.

Even through challenging times, there is a strong connection between Habitat Omaha and homeowners. Many called to check on the staff at Habitat Omaha to make sure we were okay. Some have even collected resources to pass along to others who need help. The circumstances made our work more difficult, and at the same time, more essential. Having access to a stable, quality home meant families were safer, better protected, and more able to keep their distance and stay healthy.
