About Habitat for Humanity of Omaha

Founded in 1984, Habitat for Humanity of Omaha builds and renovates homes, repairs existing houses, takes down blighted structures and advocates for better laws and systems. We also work with individuals and families to help them acquire the access, skills and financial education necessary to become successful homeowners. In 2021, Habitat Omaha homeowners contributed almost \$900,000 to Douglas County in property taxes. This year Habitat Omaha will help 300 families become mortgage ready and purchase a Habitat home or a house on the open market. Through financial support, volunteering or adding a voice to support affordable housing, everyone can help families achieve the strength, stability and self-reliance they need to build better lives for themselves. Through shelter, we empower. To learn more, visit habitatomaha.org.
